

# *Beech Mountain Lakes*

## *Association*

**ATTENTION BMLA RESIDENTS:**

Beech Mountain Lakes has been notified by our current garbage and recycling hauler (County Waste), that there will be a price increase starting March 1, 2019. The Board is looking into all options to minimize the cost increase. The Board would like feedback from the residents on the two (2) options. Please select one answer from the following:

**Option 1- Keep recycling and the Association would have to bill the residents for the additional cost for the service. The additional cost per house would be \$40.00 for the remainder of 2019.**

**Option 2- Eliminate recycling in the community and the Association will cover the additional increase for garbage pickup for the remainder of 2019.**

**Please email your choice between the two (2) options to the Beech Mountain Lakes Board at: [bmlaboard@gmail.com](mailto:bmlaboard@gmail.com)**

**Please include your name and address with your option choice. Please, only one vote per household.**

Thank you,  
BML Board of Directors
