# *Mold*

## *Inspections, Testing and Remediation*

***No Cost/No Obligation  
Initial On-site Consultation***

*Call us today for a  
no cost/no obligation  
evaluation  
or just text Mold to 69922*

JMSI provides professional cost effective mold inspections, testing and remediation services for residential and commercial properties in Eastern PA. In fact we have completed over 30 mold remediation projects for residents of Beech Mountain Lakes. Due to several factors mold is of a greater concern in BML than other areas. Limited direct sunlight, sloping lots, larger structures on smaller lots, rocky soil, excessive vegetation and part time or limited occupancy are all factors which can cause indoor moisture issues and mold concerns. Mold visible as black staining is common on attic roof sheeting as is mold visible as a bright colored powder substance on structural wood, insulation backing, furnishings and items in crawl space or basement areas. Contact JMSI today and let us put our 30 years of experience to work for you.
